

# A15F

*Adaptable to multiple systems*  
*Military-grade reliability*

### 15.6" Windows Laptop

The A15F is a member of the Runlone brand laptop family, equipped with an 11th generation Core i7 processor and Windows 7 operating system. It boasts military-grade reliability, meeting national military standards for vibration, drop, shock, and humidity resistance. The dual-battery and dual-harddrive design enhances its expandability, helping you to work continuously in any complex and harsh environment.

### Compatible with multiple systems

- Domestic Galaxy Kylin system
- Win 7 system
- Win 10 system

### Dual battery design, long-lasting battery life

Replaceable battery

### Dual hard drive design, data expansion and security guarantee

Replaceable harddisk

## OS

- Windows 7 64-bit (Win 10, Galaxy Kirin V10 optional)

## CPU

- Intel® Core™ I7-11390H, quad-core and eight-thread, base frequency: 3.4GHz, max turbo frequency 5.0GHz

## Memory & Storage

- 8GB DDR4 (optional: 16/32/64)
- 512GB (M.2 solid-state drive)
- Dual hard drive design, with 1 2.5-inch removable hard drive slot reserved, supporting 1TB/2TB mechanical hard drives or 1TB/2TB/4TB/8TB solid-state drives

## Display

- 15.6-inch high-definition screen, 1920\*1080 resolution
- Optional 10-point capacitive touch screen
- Brightness 500 nits (optional 1000nits)
- 15.6-inch anti-glare protection screen
- AMD-RX230-2G independent graphics card (optional independent graphics card GTX1050ti-4GB RTX3050-4GB)

## Voice

- Built-in 2 stereo speakers

## Port

- 3 x USB 3.0
- 1 x USB 2.0
- 2 x RJ45
- 1 x aviation plug (DC19V input power aviation plug interface)
- 1 x headphone and microphone two-in-one interface
- Buttons
  - 1 x power button
  - 1 x rear camera fill light button
  - 2 x brightness adjustment buttons
  - 2 x volume adjustment buttons
  - Windows (minimize all windows, press again to restore all windows)
- Status indicator light
  - 1 x power supply
  - 1 x hard disk
  - 1 x battery
  - 1 x upper and lower case

## Size & Weight

- 383 mm (L) × 265 mm (W) × 43 mm (H)
- 4.7 kg

## Camera+Mic

- Optional front camera: 500W; built-in microphone

## Power

- Dual battery design
- Lithium-ion smart battery 11.1V 4000mAh built-in
- Lithium-ion smart battery 11.1V 8000mAh replaceable lithium battery
- Standard AC-220V to DC-19V aviation plug interface power adapter

## Wireless

- Optional built-in Wifi Bluetooth

## Environmental Testing & Rugged Features

- Operating temperature: -20°C to 55°C
- Storage temperature: -40 to 60°C
- Humidity and heat: Designed to meet the relevant requirements of GJB150.9A-2009 or GB/T 2423.4-2008
- Simulated transportation vibration: Designed to meet the relevant requirements of GJB150.16A-2009
- Waterproof and dustproof (three levels below): IP65
- Drop resistance: Designed to meet the relevant requirements of GJB150.18A-2009
- Impact: Designed to meet the relevant requirements of GJB150.18A-2009

## Certification & Test

- CCC
- IEC IP65
- National Military Standard (GJB) test report 1. Transport vibration 2. Shock 3. Drop 4. Humidity and heat

## Shell Material & Color

- High-strength all-magnesium alloy precision shell, Protective pads
- Black color
